Is there a certain item you would like for your classroom?

Are there supplies you need for an upcoming project?

Do you wish for a way to get materials and incentives for students without spending a ton of money?

WE MAY BE ABLE TO HELP!

Montgomery County Solid Waste District has a MCMRF (Montgomery County Material Reuse Facility) located at 2450 Sandridge Drive. Normally it is open for free shopping to all registered non-profit organizations on Tuesdays and Fridays, but we are in the process of organizing a few special 'Teacher's only' shopping events. This would be a special day where only Montgomery County teachers could come to MCMRF and pick out **FREE** items and materials for their classrooms. Whether it is art supplies, student incentives, file cabinets, bookshelves, or even computers, we may have what you need for **FREE!**

What we need from you is an idea of items you are in need of so we can try to locate donors to supply the items you are looking for (no guarantees, but we'll do our best).

Please fill out the attached Top 10 Wanted Items form and return it by mail or fax to:

Jennifer Mattingly
2500 Sandridge Drive
Dayton, Ohio 45439
Fax: 937-496-3363

P.S. If you would like information on how to get your school registered so you can shop year-round for FREE at MCMRF, call 937-225-4999 for more information!

Top 10 Most Wanted Items
